Hyarchis Document Management

Document Management

Manage your documents and processes in a **safe and centralized** system.

Document management, business intelligence and compliancy, **handily organized** in a central place within your organization.

What is Hyarchis Document Management?

Hyarchis Document Management is a **modern cloud-based solution** for storing, creating, editing, and exchanging all your documents in an efficient manner. All content is encrypted and stored in a strictly **secured environment**, which is only accessible by authorized users. Users can maintain their documents within one central location while ensuring customer privacy and compliance with all relevant legislation.

One of your main benefits is the **seamless integration** with Microsoft Office and other applications. Additionally, the use of our tools based on artificial intelligence (AI) helps you find, analyze and categorize documents automatically in order to obtain data without manual efforts.

Security:

Our cloud environment is managed with state-of-the art tooling to make sure that your customer data is always safe with us. Our solutions comply with **ISO 27001** & **ISO 27018**
